Career Objectives

Aspiring Full Stack Java Developer, blending proficiency in Java and web technologies to contribute dynamically to software development teams, fostering continuous growth and success.

Education

Sambalpur University Institute of Information Technology

Burla, Sambalpur

B. Tech, Computer Science, CGPA [8.0] (2019-2023)

Relevant Coursework: Operating System, DBMS, Computation Theory

Aum Valley Educational Institution

Titilagarh, Odisha

Intermediate, Percentage: 75% (2017-2018)

Ordinance Factory School, Badmal

Badmal, Odisha

Matriculation, CGPA [10.0] (2015-2016)

Skills & Interests

Technical: -

JAVA-OOPS Concept: -Inheritance, Polymorphism, Encapsulation, Abstraction, Different Data structure like Arrays, LinkedList, Data types and variables, Control flow (if-else loops), Exception handling, Multithreading, File I/O, Java collection (e.g. Lists, Maps, Sets, Queue), Generics, Lambda expressions, Java Serialization and Generalization, Enum, Cursors

JDBC (Java Database Connectivity):

Establishing database connections, Executing SQL queries, Prepared statements, Result Set handling, Batch processing, Connection pooling, Handling transactions.

Spring/Spring boot:

Inversion of Controls, Aspect Oriented Programming (AOP), Data Access, Transaction Management, Model View Controller (MVC), Restful Web services, Spring boot annotations, Spring boot properties, Spring boot Actuator, Spring boot Data, Microservices,

JPA/JSP:

Entity Relationship, Java Persistence Query Language, Entity lifecycle, Inheritance mapping, Bean Validation, JavaBeans in JSP, Handling forms in JSP

Servlets:

Lifecycle of a servlet, Servlet mapping, Session management, Servlet chaining,

Hibernate:

Configurations, Hibernate Entity, Hibernate Annotations, Fetching Strategies

Web Technology:

HTML: -Documents Structure, HTML5 features, Tag, Elements, Form, Table, Entity, Lists, Multimedia, Semantic Elements

CSS: - Selector, External, Internal, Inline, , CSS Box Model, Combinators, Flexbox, Transition, Transform, Animation, Gradient, Z-index

JavaScript: -Syntax, Variable Types, Operators, Control Statements, hoisting, functions, Objects, Event Handling, DOM Manipulation

ReactJS: - JSX, Class and function components, props, state, hooks-types of hooks, Life-cycle methods, Styling in React
TypeScript, Bootstrap, WordPress

Database:

Oracle SQL, MYSQL: - DQL (Select, Projection, Select, Joins statements), DML (Insert, Update, Delete)

DDL (Create, Rename, Alter, Drop, Purge, Flashback), TCL (Commit, Rollback), DCL (Grant, Revoke), Sub-Query, Co-related Sub-Query, Single row function, Multi row function, User Management

Git/GitHub:

Version Control, GitHub Repositories, Pull Requests, Git Commands

Projects

- **Library Management System Project in Java**- In this project, the users will be able to perform the following functionalities Login, View Categories, Book details, Author details, Book issue, and Book return using java and SQL database.
- **Nokia Snake Game** -Links-<https://github.com/Yogesh-bot420/Snake-Game>
- **Movie-App** Links-<https://github.com/Yogesh-bot420/Movie-App>

Experience

Internpe

Remote

Web Developer Intern

March 2023– April 2023

IT Services and IT Consulting aims in spreading knowledge among freshers. Tasks are provided to increase front-end skills.
Contact: 9782563594

9to5digital

Remote

Web Developer Intern

May 2023 – June 2023

Internship as a web developer at [9to5digital], [2 months] Built and maintained several websites using HTML, CSS, JavaScript to create responsive designs for various screen sizes assisted in the development of web applications using Bootstrap and Foundation Gained experience in version control using Git.

Jspiders

Hyderabad, India

Java Full stack Training

May 2023-Present

Comprehensive Java full stack Training: Learn front-end and backend development with Java, Spring, HTML, CSS, and JavaScript in a hands-on program.

Certificates

- Web Development Course (06/2022 - 07/2022) Provided By- Coursera
- Fundamentals Of Digital Marketing (11/2022 - 12/2022) Provided By - Google Digital
- Web Developer from Scratch- Upskill with Eduonix

Declarations

As a recent graduate with proficiency in Java and web technologies, I am enthusiastic about joining a dynamic software development team. Eager to apply my skills, contribute to innovative projects, and achieve collective success through continuous learning and collaboration.
